Authority

The Academy Council is a formal sub-committee of the CLF Board and has a range of powers delegated to it under the CLF Scheme of Delegation. It should at all times seek to ensure that, in its pursuit of outstanding governance, it is acting in a way that is consistent with the Core Purpose (HEART), Mission, Strategic Plan, policies and protocols of the CLF.

Role

Academy Councils are expected to draw upon the professional governance work, diagnosis and analysis undertaken by the CLF Executive Team when assessing the progress of their academy. It should not seek to duplicate governance taking place elsewhere, but should focus on driving up standards and outcomes in the academy, holding leaders to account for the quality and effectiveness of the academy experience of the students under their care.

To that end Academy Councillors should:

- seek to ensure that the Principal has created a culture that enables pupils and staff to excel. In line with the Core Purpose of the CLF (HEART), the academy should be committed unwaveringly to setting high expectations for the performance and conduct of pupils and staff. Relationships between staff and pupils should be exemplary.
- focus on the degree to which the Principal and their team are uncompromising in their ambition, consistently improving outcomes for all pupils, but especially for disadvantaged pupils.
- systematically challenge senior leaders so that the effective deployment of staff and resources, including the pupil premium (as detailed on page 3 of this document), the primary PE and sport premium, Year 7 literacy and numeracy catch-up premium and special educational needs funding, secures excellent outcomes for pupils. Academy Councillors should not shy away from challenging leaders about variations in outcomes for pupil groups and between disadvantaged and other pupils nationally.
- seek to maintain a deep, accurate understanding of the academy's effectiveness informed by the views of pupils, parents and staff. They use this to keep the academy improving by focusing on the impact of their actions in key areas.
- challenge senior leaders to ensure that teaching is highly effective across the academy and that the curriculum is broad and balanced and inspires pupils to learn. This should include pupils' spiritual, moral, social and cultural development and, within this, the promotion of fundamental British values.
- challenge senior leaders to ensure that safeguarding is effective and that the work to protect pupils from radicalisation and extremism is exemplary.
- both support and challenge the Principal and academy leadership to secure the improvements set out in the Academy Improvement Plan (AIP)
- seek any information it requires from the academy, via the Principal or Vice Principal, who are requested to cooperate with the Council in the conduct of its work.

The specific duties of the Committee shall be:
